

## Teen Social Skills Group - Spring 2025

### Ages: 14-18 years

#### Overview:

The purpose of this group is to help teens strengthen their social communication skills to improve their ability in:

- Better understand the nuances of social communication & nonverbal body language
- Increase the ability to engage in perspective-taking
- Provide opportunities for children who feel more isolated to interact positively with others

#### How/Who:

The program will utilize lessons from research-based programs that promote social development through activities & games in a group format. Sessions will be in-person and allow participants to learn new skills while socializing with new peers.

- Topics will include: *conversational etiquette; understanding social cues; and building confidence in social interactions.*
- The program is designed for children that maintain generally adequate speech and cognitive ability skills.

#### Details:

- Thursday evenings at KidsLink Neurobehavioral Center from 5:00pm-6:00pm
